- In the event of a two person team, handicap for the empty third person slot will be determined as the average of the 2 participating golfers. Example: (player 1 handicap = 18 + player 2 handicap = 24)  $18+24=42$ . Handicap for third person will be 21 (average of 2 other players) and the 2 players alternate the 3<sup>rd</sup> shot for the team.
- Tiebreaker: In the event of a tie, scoring will be done by comparing gross scores in descending order starting with Hole #18.
